

## The Blueprint English Academy (BEA)

### Student Identification System

#### 1. Student ID Policy

The Blueprint English Academy (BEA) assigns a unique Student Identification Number (Student ID) to every enrolled learner for academic, administrative, and accreditation purposes. The Student ID is used for student records, attendance tracking, examinations, certificates, and official correspondence.

##### **Student ID Structure:**

**BEA-[Program Acronym]-[DDMMYY]-[Term Index Number]-[Serial Number]**

BEA identifies the institution

Program Acronym identifies the enrolled program

DDMMYY represents the official enrollment date

Term Index Number identifies the intake group (e.g., T01, T02)

Serial Number identifies student number in the batch (e.g., 101, 102)

Student IDs are issued upon successful completion of admission requirements and remain valid throughout enrollment at BEA.
